

## Issues

| #    | Project  | Tracker        | Status      | Priority | Subject  | Assigned To             | Updated             | Target version | % Done |
|------|----------|----------------|-------------|----------|--|-------------------------|---------------------|----------------|--------|
| 4239 | ctools   | Bug            | Feedback    | Normal   | Mac OS X binary build fails due to access denied exception                           | Knödlseeder Jürgen      | 03/27/2023 05:59 PM |                | 100    |
| 4209 | GammaLib | Feature        | In Progress | Normal   | Study implementation of an alternative BGDPIX algorithm for COMPTEL                  | Knödlseeder Jürgen      | 03/26/2023 01:30 PM | 2.1.0          | 70     |
| 3990 | GammaLib | Feature        | New         | Normal   | Add function to convert sigma for a given number of freedoms to TS value             |                         | 03/22/2022 11:37 AM |                | 0      |
| 3882 | GammaLib | Feature        | In Progress | Normal   | Add polarization to interface  | Knödlseeder Jürgen      | 10/20/2021 04:04 PM |                | 10     |
| 3766 | ctools   | Bug            | New         | Normal   | conda install on Ubuntu 20.04 does not work for Python 3.8                           |                         | 09/06/2021 12:55 PM |                | 0      |
| 3713 | ctools   | Feature        | New         | Normal   | Check file extension for output observations   |                         | 05/28/2021 09:57 AM |                | 0      |
| 3693 | GammaLib | Action         | New         | Normal   | Add statistics methods to GNDarray   |                         | 05/20/2021 10:52 AM |                | 0      |
| 3633 | ctools   | Action         | New         | Normal   | Make sure that all FITS files have units   |                         | 04/21/2022 02:28 PM |                | 0      |
| 3610 | ctools   | Action         | New         | Normal   | Add spatial butterfly  |                         | 03/15/2022 12:51 PM |                | 0      |
| 3608 | GammaLib | Feature        | New         | Normal   | Investigate whether HAL HAWC 3ML plugin can be incorporated as new instrument module |                         | 04/14/2021 03:21 PM |                | 0      |
| 3539 | ctools   | Support        | In Progress | Urgent   | cutlimit to averaged velocity cross section  | Tibaldo Luigi           | 02/15/2021 08:46 AM |                | 90     |
| 3537 | ctools   | Action         | New         | Normal   | Speed-up tutorials   |                         | 03/15/2022 12:51 PM |                | 0      |
| 3536 | ctools   | Action         | In Progress | Normal   | Check performance of csresmap and csrespec   | Tibaldo Luigi           | 06/04/2022 08:44 PM |                | 0      |
| 3534 | ctools   | Action         | New         | Normal   | Try to speed-up csphagen   | Knödlseeder Jürgen      | 04/21/2022 02:29 PM |                | 0      |
| 3533 | ctools   | Feature        | New         | Normal   | Nuisance parameters  | Hernández Cadena Sergio | 02/16/2021 06:25 PM |                | 0      |
| 3523 | ctools   | Feature        | New         | Normal   | Add to csmodelselect the option to select models for a binned/stacked analysis       |                         | 03/15/2022 12:49 PM |                | 0      |
| 3508 | GammaLib | Change request | New         | Normal   | Use consistent method names for number of rows and columns                           |                         | 03/14/2022 02:04 PM |                | 0      |
| 3503 | GammaLib | Action         | New         | Normal   | Implement vectorised response computation for SPI                                    |                         | 03/14/2022 02:02 PM |                | 0      |
| 3502 | GammaLib | Action         | New         | Normal   | Implement vectorised response computation for Fermi-LAT                              |                         | 03/14/2022 12:29 PM |                | 0      |
| 3463 | GammaLib | Action         | New         | Normal   | Add "RING" method to GSKyMap smooth and correlate                                    |                         | 03/14/2022 12:29 PM |                | 0      |
| 3455 | ctools   | Action         | In Progress | Normal   | Vectorise ctmodel  | Knödlseeder Jürgen      | 03/15/2022 12:50 PM |                | 10     |
| 3450 | GammaLib | Action         | New         | Normal   | Implement OpenMP support in CTA response cube filling                                |                         | 03/14/2022 12:28 PM |                | 0      |
| 3433 | ctools   | Feature        | New         | Normal   | Improve support for source localization and extension fitting                        | Di Venere Leonardo      | 03/15/2022 12:49 PM |                | 0      |

| #    | Project  | Tracker        | Status      | Priority | Subject  | Assigned To           | Updated             | Target version | % Done |
|------|----------|----------------|-------------|----------|--|-----------------------|---------------------|----------------|--------|
| 3414 | GammaLib | Action         | New         | Normal   | Study impact of spectral model on spatial model if computed under consideration of energy dispersion |                       | 10/21/2020 02:41 PM |                | 0      |
| 3405 | GammaLib | Action         | In Progress | Normal   | Implement vectorised response computation for energy dispersion                                      | Knödlseeder<br>Jürgen | 03/14/2022 12:28 PM |                | 20     |
| 3396 | GammaLib | Action         | New         | Normal   | Implement analytical gradients for elliptical Gaussian model   |                       | 03/14/2022 12:28 PM |                | 0      |
| 3395 | GammaLib | Action         | New         | Normal   | Implement analytical gradients for elliptical disk model   |                       | 03/14/2022 12:28 PM |                | 0      |
| 3394 | GammaLib | Action         | New         | Normal   | Implement analytical gradients for point source model  |                       | 03/14/2022 12:27 PM |                | 0      |
| 3393 | GammaLib | Action         | New         | Normal   | Implement analytical gradients for radial shell model  |                       | 03/14/2022 12:27 PM |                | 0      |
| 3392 | GammaLib | Action         | New         | Normal   | Implement analytical gradients for radial ring model   |                       | 03/14/2022 12:26 PM |                | 0      |
| 3391 | GammaLib | Action         | In Progress | Normal   | Implement analytical gradients for radial disk model   | Knödlseeder<br>Jürgen | 03/14/2022 12:26 PM |                | 20     |
| 3319 | ctools   | Action         | In Progress | Normal   | Shorten ctools unit testing  | Knödlseeder<br>Jürgen | 04/21/2022 02:27 PM | 2.1.0          | 20     |
| 3317 | ctools   | Bug            | New         | Normal   | ctbkgcube aborts if no background model is found   |                       | 06/04/2022 08:58 PM |                | 0      |
| 3263 | ctools   | Support        | New         | Normal   | Mapping of seed variables  |                       | 07/08/2020 10:30 AM |                | 0      |
| 3258 | GammaLib | Change request | New         | Normal   | Change GModelSpatial::region() method to GModelSpatial::regions() that returns a GRegions object     |                       | 03/14/2022 02:04 PM |                | 0      |
| 3242 | GammaLib | Action         | New         | Normal   | Add method to return Fisher information matrix   |                       | 06/24/2020 09:47 PM |                | 0      |
| 3205 | GammaLib | Action         | New         | Normal   | Implement efficient GSPIResponse::irf_diffuse method   |                       | 04/14/2020 09:48 AM |                | 0      |
| 3204 | GammaLib | Action         | New         | Normal   | Implement generic methods for PSF information  |                       | 04/13/2020 10:28 AM |                | 0      |
| 3178 | ctools   | Support        | In Progress | High     | Unusual clustering of results around 2 sigma significance  |                       | 07/08/2020 10:14 AM |                | 10     |
| 3160 | ctools   | Support        | In Progress | Normal   | Residual cosmic-ray background flux with ctmodel and ctexpcube                                       |                       | 02/27/2020 01:12 PM |                | 50     |
| 3131 | ctools   | Support        | New         | Normal   | Possible cause of error  | Knödlseeder<br>Jürgen | 02/20/2020 03:40 PM |                | 50     |
| 3070 | ctools   | Feature        | New         | Normal   | Improve support for simulating realistic pointing strategies   |                       | 07/14/2020 12:13 AM |                | 0      |
| 3068 | GammaLib | Action         | New         | Normal   | Improve precision of background model computation in GCTACubeBackground::fill method                 |                       | 11/15/2019 04:04 PM |                | 0      |
| 3057 | ctools   | Change request | New         | Low      | Enhance ctlike debug output by replacing parameter index with source name                            |                       | 11/08/2019 03:21 PM |                | 0      |
| 2939 | GammaLib | Action         | New         | Normal   | Add support for extended spatial models in Fermi/LAT analysis  |                       | 03/14/2022 12:25 PM |                | 0      |
| 2891 | GammaLib | Action         | New         | Normal   | Make sure that X-ray data in OGIP format (e.g. XMM-Newton, Chandra) can be digested                  |                       | 07/02/2020 04:30 PM |                | 0      |
| 2888 | ctools   | Bug            | New         | Normal   | Enable package build and check on Mac OS X 10.13 and 10.14   |                       | 05/14/2019 09:06 AM |                | 0      |
| 2882 | GammaLib | Change request | New         | Normal   | Reorganise CTA background models   |                       | 03/14/2022 02:04 PM |                | 0      |
| 2854 | ctools   | Feature        | New         | Normal   | pdf version of documentation   |                       | 06/02/2022 07:57 AM |                | 0      |

| #    | Project  | Tracker        | Status      | Priority | Subject  | Assigned To        | Updated             | Target version | % Done |
|------|----------|----------------|-------------|----------|--|--------------------|---------------------|----------------|--------|
| 2808 | GammaLib | Support        | In Progress | Normal   | Problem in Swig interface of GModel scale method?  | Knödlseeder Jürgen | 03/06/2019 12:14 PM |                | 10     |
| 2769 | ctools   | Change request | New         | Normal   | ctfindvar should support a general background model  |                    | 12/11/2018 02:26 PM |                | 0      |
| 2768 | ctools   | Bug            | New         | High     | ctbkgcube / Polynom RadialAcceptance   |                    | 07/15/2020 08:20 PM |                | 0      |
| 2767 | GammaLib | Bug            | New         | Normal   | conda gammalib conflicts with nlesc root   |                    | 12/12/2018 04:24 PM |                | 0      |
| 2732 | GammaLib | Action         | New         | Normal   | Make sure that energy boundaries for energy dispersion are computed correctly                  |                    | 01/21/2019 03:27 PM |                | 0      |
| 2731 | ctools   | Feature        | New         | Normal   | Add support of observations with multiple counts cubes to ctmodel                              |                    | 11/09/2018 09:33 AM |                | 0      |
| 2730 | ctools   | Change request | New         | Low      | Adopt tools to store GSKYRegions instead of maps which would allow a greater flexibility       |                    | 07/15/2020 12:03 PM |                | 0      |
| 2720 | GammaLib | Change request | New         | Normal   | Add margin to energy boundaries GCTABBackground3D  |                    | 11/06/2018 05:06 PM |                | 0      |
| 2697 | GammaLib | Bug            | New         | Normal   | gammalib make checks fails on MacOS  |                    | 11/06/2018 09:48 AM |                | 0      |
| 2687 | ctools   | Support        | New         | Normal   | make check does not seem to check the software   |                    | 09/25/2018 11:59 AM |                | 0      |
| 2684 | ctools   | Feature        | New         | Normal   | Energy dispersion for Fermi/LAT  |                    | 09/21/2018 10:28 AM |                | 0      |
| 2473 | GammaLib | Action         | New         | Normal   | Reduce calls to std::acos in model evaluations   | Cardenzana Josh    | 04/27/2018 04:54 PM |                | 0      |
| 2461 | GammaLib | Change request | New         | High     | Improve accuracy of response computation for stacked analysis                                  |                    | 11/07/2018 02:19 PM |                | 0      |
| 2455 | GammaLib | Feature        | New         | Normal   | Implement a time dependent spectral model  |                    | 12/12/2018 11:37 AM |                | 0      |
| 2451 | ctools   | Change request | New         | Normal   | Expand energy range for spectrum generation to the maximum for multiple observations           | Knödlseeder Jürgen | 06/18/2018 12:43 PM |                | 0      |
| 2388 | ctools   | Action         | New         | Normal   | Check input model in ctbkgcube   |                    | 03/06/2018 04:57 PM |                | 0      |
| 2382 | GammaLib | Feature        | New         | Normal   | Implement parametric CTA background fitting using splines.                                     | Buehler Rolf       | 03/07/2018 03:14 PM |                | 0      |
| 2293 | ctools   | Feature        | New         | Normal   | Add option to ctmodel to integrate expected number of counts over bins                         |                    | 12/20/2017 02:31 PM |                | 0      |
