GammaLib - Action #1109

Feature # 1036 (Closed): Implement energy resolution

Add GCTAResponse::load_edisp method and link it to GCTAResponse::load for response loading

01/28/2014 09:59 AM - Knödlseder Jürgen

Status:	Closed		**Start date:**	12/10/2013
Priority:	Normal		**Due date:**	
Assigned To:	Deil Christoph		**% Done:**	100%
Category:			**Estimated time:**	0.00 hour
Target version:	Stage Florent			
Description				

History

#1 - 01/29/2014 11:32 AM - Deil Christoph

- Status changed from New to In Progress

- Assigned To set to Deil Christoph

#2 - 01/31/2014 09:20 AM - Deil Christoph

- Status changed from In Progress to Resolved

Done. Will be part of a larger pull request I'll mention in the main energy dispersion issue.

#3 - 02/01/2014 09:43 AM - Knödlseder Jürgen

- Status changed from Resolved to Closed

- % Done changed from 0 to 100

- Remaining (hours) set to 0.0

#4 - 07/19/2014 02:10 AM - Knödlseder Jürgen

- Target version deleted (2nd coding sprint)

#5 - 02/18/2015 06:34 PM - Knödlseder Jürgen

- Target version set to Stage Florent
