GammaLib - Action #1349

GApplication::log_parameters should only dump parameters that were queried or that are hidden

10/30/2014 02:36 PM - Knödlseder Jürgen

Status:	Closed		**Start date:**	10/30/2014
Priority:	Normal		**Due date:**	
Assigned To:	Knödlseder Jürgen		**% Done:**	100%
Category:			**Estimated time:**	0.00 hour
Target version:	1.0.0			

Description
GApplication::log_parameters shows in fact all parameters, also those that are not actually used. Parameter logging should be limited (at least by default) to only those parameters that were queried and the ones that are hidden. Only in that way the user gets a coherent picture about the parameters that are actually used in a ctool.
