

GammaLib - Bug #1765

GModelSky XML constructor does not read all attributes

04/17/2016 11:06 PM - Knödseder Jürgen

Status: Closed	Start date: 04/17/2016
Priority: High	Due date:
Assigned To: Knödseder Jürgen	% Done: 100%
Category:	Estimated time: 0.00 hour
Target version: 1.1.0	

Description

The GModelSky XML constructor does not read all attributes as it implements the reading of the XML information instead of calling the read() method.

The read() method should be called instead.

History

#1 - 05/30/2016 11:58 PM - Knödseder Jürgen

- Assigned To set to Knödseder Jürgen

#2 - 05/30/2016 11:59 PM - Knödseder Jürgen

- Priority changed from Urgent to High

#3 - 05/31/2016 12:50 PM - Knödseder Jürgen

- Status changed from New to Closed

- % Done changed from 0 to 100

The GModel::read_attributes() and GModel::write_attributes() have been introduced to consistently read and write model attributes in all relevant constructors and methods. A further advantage is that code duplication is reduced.

Code merged into devel.
