

GammaLib - Action #1859

Rename GFitsHDU::size() method to GFitsHDU::cards()

10/03/2016 10:50 AM - Knödlseider Jürgen

Status:	Closed	Start date:	10/03/2016
Priority:	Normal	Due date:	
Assigned To:	Knödlseider Jürgen	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	1.3.0		
Description			
The meaning of the GFitsHDU::size() is ambiguous, in particular since the GFitsTable and GFitsImage classes derive from GFitsHDU, where size() would be associated with a different meaning (i.e. number of rows, number of pixels in image). To avoid the ambiguity, the GFitsHDU::size() method should be renamed to GFitsHDU::cards().
