

GammaLib - Action #1917

Investigate fitting of phase parameters of GModelTemporalPhaseCurve

01/28/2017 11:01 PM - Knödlseider Jürgen

Status:	New	Start date:	01/28/2017
Priority:	Normal	Due date:	
Assigned To:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
Investigate if fitting of phase parameters of the GModelTemporalPhaseCurve model component is possible. This may a bit depend on the time scale of the phase, i.e. pulsar fitting may not be the same as binary fitting.
