**Description**

The `has_key()` method should not be used on Python scripts as it has been removed in Python 3.x. Instead of

```
d.has_key('a')
```

the following should be used

```
'a' in d
```

#### History

##### #1 - 02/09/2017 02:35 PM - Knödseder Jürgen

So far the following scripts are concerned:

```
examples/show_response.py  
examples/show_sensitivity.py
```
