

GammaLib - Bug #2184

COMPTEL background model XML file writes out a format that is not readable anymore

08/26/2017 10:09 PM - Knödseder Jürgen

Status:	Closed	Start date:	08/26/2017
Priority:	Normal	Due date:	
Assigned To:	Knödseder Jürgen	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	1.5.0		
Description			
The COMPTEL background model XML file apparently translates the parameter names internally when reading, and these new parameter names are then written out. The result is thus not readable anymore.
