ctools - Change request #2264

Don't pipe output of test into /dev/null

10/27/2017 04:57 PM - Knödlseder Jürgen

Status:	Closed	**Start date:**	10/27/2017
Priority:	Normal	**Due date:**	
Assigned To:	Knödlseder Jürgen	**% Done:**	100%
Category:		**Estimated time:**	0.00 hour
Target version:	1.5.0		

Description

The output of the command in testing._execute()

```
# Execute command and catch any exception
def _execute(self, cmd):
    """
    Execute command
    """
    # Execute command, make sure we catch any exception
    try:
        rc = os.system(cmd+' >/dev/null 2>&1')
    except:
        rc = -1

    # Return return code
    return rc
```

should not go into /dev/null but should be recovered so that in case of an error the result can be traced down somewhere. For the moment it's very difficult to understand what went wrong.

History

#1 - 01/23/2018 05:59 PM - Knödlseder Jürgen

- Status changed from New to Pull request

- Assigned To set to Knödlseder Jürgen

- % Done changed from 0 to 100

In case of an error the command, error code and screen output is now written into the test log file.

#2 - 01/23/2018 09:09 PM - Knödlseder Jürgen

- Status changed from Pull request to Closed

Code merged into devel.
