ctools - Action #2388

Check input model in ctbkgcube

03/06/2018 04:57 PM - Tibaldo Luigi

Status:	New		**Start date:**	03/06/2018
Priority:	Normal		**Due date:**	
Assigned To:			**% Done:**	0%
Category:			**Estimated time:**	0.00 hour
Target version:				

Description
When there is no suitable background model in the input XML ctbkgcube fails throwing an error difficult to decipher. As discussed with Jürgen we should add a model checking step in ctbkgcube, that displays an informative error message when no suitable model is present.
