GammaLib - Feature #306

Clean up Fermi/LAT response classes

07/12/2012 10:15 AM - Knödlseder Jürgen

Status:	In Progress	**Start date:**	07/09/2012
Priority:	Normal	**Due date:**	
Assigned To:		**% Done:**	65%
Category:		**Estimated time:**	16.00 hours
Target version:			

Description

Although the Fermi/LAT response classes work, some cleanup is needed to correctly implement the CALDB usage. Although, the response table should be generalized, maybe using a response table class that is common to GammaLib. Also, a revision of the TODOs should be done, and code should be cleaned up where necessary.

Subtasks:

Action # 289: Extend and cleanup GLATResponseTable class	**In Progress**
Action # 293: Make use of GCaldb class for Fermi-LAT response file access	**Closed**

Related issues:

Related to GammaLib - Feature # 1517: Add support for Fermi/LAT Pass 8 respon...	**Closed**	**07/24/2015**
