An initial version of GRmf has been implement. This supports setting and getting of values and saving and loading of RMF files. A unit tests has also been written.

Note that no compressed column format is yet supported, hence I do not expect that the class manages to read the 1DC RMF file. This is bad. Some additional code in the FITS interface is needed for this.

#### #5 - 06/27/2013 04:13 PM - Knödseder Jürgen

- Status changed from In Progress to Feedback

- % Done changed from 80 to 100

- Remaining (hours) set to 0.0

The Python interface and a Python unit test has been implemented.
